Lionheart Academy of the Triad is a non-profit private school for students with high functioning autism.

Lionheart Academy was founded based on current research showing that individuals with Autism have low rates of employment, live with their parents and are socially isolated. They struggle to live and work independently. It becomes difficult for parents and extended family who do not have the means to continue to assist as these students reach adulthood. Autism affects 1 out of 45 children, leaving society with a huge burden if the children are not educated properly. Research shows that when correctly taught social skills, executive function skills and problem-solving skills these children can grow up to live independent lives. As a result, our Board of Directors established Lionheart Academy of the Triad.

Lionheart Academy is launching a 1.2-million-dollar capital campaign. These funds will allow the organization to purchase and renovate a building for this much needed school and community resource, as well as, provide the necessary furnishings and equipment for students and staff. An independent school facility will grant Lionheart Academy the capacity to open its doors to up to 100 students, and host school wide events for students and families. Securing a building will support Lionheart's efforts to provide services not only for its families, but for other families by implementing activities such as, Friday night social skill outings for Middle and High School children, after school care, and training classes for parents in the community.

Lionheart Academy will be hosting a Chocolate Ball on February 16th, 2019. Please consider sponsoring our main fundraising event. With your support, Lionheart can continue to serve its current students and widen its impact on families affected by autism in the community.

Bakers and Caterers can help by having a booth at the ball so all attendees can sample your goods and you could be selected as the 2019 Winner! Businesses can sponsor us or you can donate items for the silent auction/raffle.
