We are recommending the following course of study for your student: 0 Occupational Course of Study 0 Standard 0 Discussion of hybrid program

Course of Study	Occupational Course of Study (OCS)	Standard Diploma
Description	<p>The OCS track is designed to teach students essential work skills to help them transition effectively into the workplace. This course of study focuses on more functional mathematics and electives. It features reduced academic requirements to allow for job training and off campus work time. This track is well suited for individuals who struggle with academics or learn at a slower pace.</p> <p>We currently only offer two of the electives (Occupational Prep I and Occupational Prep II) afterschool. Students are required to attend these courses as well as a summer camp.</p>	<p>The standard diploma track is for students who are academically on track with traditional grade level expectations.</p> <p>The course material is more rigorous than the OCS program. Students may be able to participate in the Career and College Promise Program through GTCC.</p>
Class Requirements	<p>4 English Courses Intro to Math, Math I, Personal Finance, OCS Math 2 Science/2 Social Studies + OCS Courses</p>	<p>4 English Courses 4 Math Courses—including Math I-III standards 3 Science/4 Social Studies</p>
Work Hours/Volunteer Hours	<p>75 Hours Freshman and Sophomore Year (training and work on-campus) 225 Junior and Senior Year (work-off campus)</p>	<p>Some universities will require 25 volunteer hours.</p>
Transition Options	<p>Straight into the workforce (many students are offered jobs from the OCS program).</p> <p>Community college certificate programs</p> <p>Specialized university programs for individuals with disabilities.</p>	<p>Workforce Community College Some private colleges or universities <i>If the student takes foreign language through GTCC or privately they would be eligible to apply for a four year college straight from Lionheart</i></p>
